## WORK EXPERIENCE AS FREELANCE

1988 – 1994 Six years as Focus puller, working on Oscar Nominated Feature "Hedd Wyn" (Best Foreign Language)

1996 Invited to Spiddle, Co. Galway by the directors of The Irish Language Television Channel to train their personnel in preparation for a twice weekly Irish Language soap – "Ros Na Run". In the course of a month the new studio was equipped and fitted with the technicians trained in lighting techniques and steadicam operation, one month being a ridiculously short time for such an undertaking! However, the series has grown, the standards have improved and the production values are higher than ever.
